

OhioHealth Simulation Fellowship Program*

Columbus, Ohio

OhioHealth Learning
Center for Medical Education and Innovation™
OhioHealth Riverside Methodist Hospital
3525 Olentangy River Road, Suite 4300
Columbus, Ohio 43214
Phone: (614) 566.2453
Fax: (614) 566.2324

We are now accepting applications for our fellowship in Simulation. The fellowship will develop individuals as leaders in simulation-based healthcare education and provide opportunities for research in the field of simulation-based education. The fellowship is funded and has been accredited by the American College of Surgeons.

The fellowship in Simulation is offered as a one/two year fellowship. During this time, the fellow will be involved in:

- + Advanced Adult Learning Theory
- + Curriculum development for multiple medical specialties and residency programs
- + Learners and program evaluation and assessment
- + Operational, leadership issues related to simulation centers
- + Research resulting in presentations and publications
- + Personal leadership and skill development

The optimal candidate will have at least two years of experience in a surgical specialty (including anesthesia, OB/GYN, etc.), but applications will be accepted from physicians outside of surgical specialties as well as from those individuals pursuing advanced education degrees. International candidates and those with interrupted training tracts or careers will be considered.

To Apply:

Send a curriculum vitae, a cover letter outlining your professional goals and reasons for pursuing this fellowship and two letters of recommendation (one from your program director or an equivalent program faculty member and one from another professional colleague) to the address below.

If you have any questions, please feel free to contact:

Edward Dominguez, MD, FACS
Program Director, Simulation Fellowship

William Watson, MD, FACS
Surgical Director, CME&I

About OhioHealth Learning:

OhioHealth Learning is a part of the OhioHealth care system that consists of 11 hospitals and over 50 outpatient locations. OhioHealth Learning consists of two major simulation centers: The Center for Medical Education and Innovation at Riverside Methodist Hospital and the Peter E. Johnston, DO, Simulation and Education Center at OhioHealth Doctors Hospital. Working together, these two centers provide simulation-based education for practicing physicians, resident physicians, medical students, nursing and ancillary care personnel.

*Accredited by The American College of Surgeons

A FAITH-BASED, NOT-FOR-PROFIT HEALTHCARE SYSTEM
